## Our Creating Design....Profile

Design culture is the key to our success. This is what pushes us to create new collections that give spaces a new dimension. We create dialogue between environment and form. *Realm* collection transform the simplest bathroom space into an ambiance. This is what it's all about, creating atmospheres where we can take hold of life and feel that we are here to live it, enjoy it and surround ourselves with beauty of water.

"DESIGN IS A JOURNEY OF DISCOVERY."

A person wearing a white cap, a bright yellow-green jacket, and a backpack is standing on a rocky stream bed in a dense forest. They are holding a camera up to their eye, taking a photograph. The forest is lush with green trees and foliage, with sunlight filtering through the canopy. The scene is peaceful and natural.

## “SHAPE OF INSPIRATION”

MORE THAN JUST A BATHROOM

Using the high quality ceramic as a small portion or powder and not as a solid piece means protecting resources. Ceramic stones are seamlessly joined together in order to achieve perfect grain patterns.

## Available Colours

Star White

Ivory

Pink

Blue

Green

Note : Colours pointed above may differ from original colours of ceramics. For true selection, refer to actual samples or shade board. Patterns and sizes illustrated are as made at the time of issue of this catalogue. as improvements and modifications are continuously made, products may be modified or discontinued without prior notice. Sizes and colours are approximate. Taps and other Fittings shown in photographs are not supplied except internal Fittings For cisterns and seat covers, where specifically illustrated. such Fittings are charged extra.

## WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

## COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

## MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

## INSTALLTION OF LAVATORY

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top as directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

### For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

### For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

### For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

## MAINTENANCE

Like any other part of your house, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

### Wash Basin

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

### Closets

Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day. To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby. In case toilet and basins, if there has been no maintenance since long period of time, water deposit and discoloration can form on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid. Clean with a soft cotton cloth and warm water with soap. Do not use thinner, dry cleaning liquids or powder paste. Use a liquid cleaner at least twice a week. Use Brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
